

Executive Summary School Accountability Report Card, 2010–11

For Celerity Nascent Charter School

Address: 3417 West Jefferson Blvd. Los Angeles, CA 90018-3235 **Phone:** (323) 732-6613

Principal: Angela Beck

Grade Span: K-8

This executive summary of the School Accountability Report Card (SARC) is intended to provide parents and community members with a quick snapshot of information related to individual public schools. Most data presented in this report are reported for the 2010–11 school year. School finances and school completion data are reported for the 2009–10 school year. Contact information, facilities, curriculum and instructional materials, and select teacher data are reported for the 2011–12 school year. For additional information about the school, parents and community members should review the entire SARC or contact the school principal or the district office.

About This School

Celerity Nascent Charter School (grades K– 8), first opened its doors on September of 2005. It is located in the Jefferson Park Community where there exists an epidemic of disadvantaged and underprivileged families. Continually, low API scores and overcrowded classrooms plagued the neighborhood public schools. Upon opening, CEG joined forces with community leaders and law enforcement to face the issues that directly affected Jefferson Park and its surrounding communities. Crime watch meetings were organized and held monthly at the Celerity Nascent campus as well as several programs that were developed to raise funds to support and donate to the local families in need. Celerity Nascent Charter School not only became a positive social change to its neighborhood, but also a highly desirable school to attend. The applications submitted each academic year greatly outnumber the limited open spaces. The school is known for its rigorous academic program and the multiple tools available to be successful within it. Celerity Nascent Charter School is also proud to announce that as of January, 2009 they have become fully accredited by the Accrediting Commission for Schools, WASC (Western Association of Schools and Colleges). WASC's accreditation process is all about fostering excellence in the education programs they accredit by helping the schools to meaningfully create the highest quality learning experience possible. WASC's fundamental purpose is to support schools in creating for themselves a clear vision of what they desire their students to learn and are capable to accomplish and then to ensure that efficient and appropriate systems are in place that inevitably result in the fulfillment of those expectations.

School Accountability Report Card

Reported Using Data from the 2010–11 School Year

Published During 2011–12

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

Ed-Data Partnership Web Site

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2010–11)

Mission

The mission of Celerity Nascent Charter School (CNCS) is to provide a school where at risk students will thrive in an atmosphere of high expectations and engaging curriculum with challenging learning activities.

Vision

Celerity Nascent Charter School will be a community of diverse individuals where students will develop their intellectual, artistic, and physical talents to the highest degree. Our vision will encompass five critical focus areas that affect the school community:

- Academic Excellence

Our academic program will challenge the intellect and maximize the potential of each student to acquire knowledge, concepts, and skills necessary to become thinking, productive, responsible citizens. Excellence in academics results in a love of lifelong learning and supportive, involved community.

- Mutual Respect

CNCS will foster a culture of mutual respect that builds trust and engages students in learning.

- Highly Qualified Teachers and Paraprofessionals

Teachers and paraprofessionals will meet NCLB standards as highly qualified.

- Parental Investment and Community Involvement

Parents want the best for their children and share in the responsibility and the process of educating their children. These involved parents will serve as catalysts to students' success.

- Respect and Diversity

CNCS will be an inclusive community, in which people from different cultural, ethnic, racial, and religious backgrounds learn, live and work harmoniously with mutual respect, without compromising their beliefs and their identities. We will champion the cause of excellence and equity.

Opportunities for Parental Involvement (School Year 2010–11)

Parents will be actively engaged in the development of the school as members of the Site-based Management Council.

Prior to the enrollment of a student, the parent(s) and the student will meet with the principal.

Parents will be provided multiple opportunities to develop awareness of benchmarks and what their children must achieve to be successful.

Each parent and the school will sign a Family Agreement acknowledging their understanding, responsibility and commitment to support student learning and the academic goals of Celerity Nascent Charter School.

Parents will be responsible and accountable for committing to volunteering time to support the school and to participate as mentors.

Parent-teacher conferences will take place quarterly.

III. School Climate

School Safety Plan (School Year 2010–11)

A key component to emergency and disaster preparedness is knowledge. Knowing how to respond to an emergency will lead to effective remediation of a problem.

The Standardized Emergency Management System (SEMS) provides for a fully integrated and coordinated multiple level responses to multi-agency, multi-jurisdictional emergencies. SEMS is based on the Incident Command System (ICS). ICS has five primary functions:

Command/management, operations, planning/intelligence, logistics and finance/administration.

All school personnel have pre-designated duties and responsibilities to assume in the event of a major disaster; earthquake, fire, lock down or other determined emergency. All CNCS employees automatically become Civil Defense Workers upon declaration of a disaster or state of emergency.

The emergency plan was created to assist the administration and staff members should a disaster occur. The first and foremost objective is safety of the site's students and personnel.

Teachers are required to inform their students about the safety procedures and practice them frequently.

Suspensions	0	0	0	7.1	5.6	5.2
Expulsions						

* The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment.

IV. School Facilities

School Facility Conditions and Planned Improvements (School Year 2011–12)

Improvements will be made for increased learning achievements and based on budget availability.

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2010–11)

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* Web page at: <http://www.cde.ca.gov/nclb/sr/tq/>

This School	100.0%	0.0%
All Schools in District	97.4	2.599
High-Poverty Schools in District		
Low-Poverty Schools in District		

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 25 percent or less in the free and reduced price meals program.

VI. Support Staff

Academic Counselors and Other Support Staff (School Year 2010–11)

Note: Cells shaded in black do not require data.

* One Full-Time Equivalent (FTE) equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time.

VII. Curriculum and Instructional Materials

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2011–12)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected: January, 2012

Core Curriculum Area	Textbooks and instructional materials/year of adoption	From most recent adoption?	Percent students lacking own assigned copy
Reading/Language Arts	Houghton Mifflin K-6 (2003), McDougal Little 7 & 8 (2002)	No, the most recent for HM is 2005	0%

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2009–10)

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental / Restricted)	Expenditures Per Pupil (Basic / Unrestricted)	Average Teacher Salary
School Site	8,267	-	8,267	51,037
District			10,015	66,584
Percent Difference – School Site and District			21%	30%
State			8,452	67,932
Percent Difference – School Site and State			2.2%	33%

Note: Cells shaded in black do not require data.

Supplemental/Restricted expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted. **Basic/unrestricted** expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

For detailed information on school expenditures for all districts in California, see the *CDE Current Expense of Education & Per-pupil Spending* Web page at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the *CDE Certificated Salaries & Benefits* Web page at <http://www.cde.ca.gov/ds/fd/cs/>. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>.

IX. Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics to compute AYP designations required by the federal ESEA, also known as NCLB.

For detailed information regarding CAHSEE results, see the CDE CAHSEE Web site at <http://cahsee.cde.ca.gov/>.

California Physical Fitness Test Results (School Year 2010–11)

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE *PFT* Web page at <http://www.cde.ca.gov/ta/tg/pf/>.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE *API* Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2008	2009	2010
Statewide	1	4	5
Similar Schools	3	9	10

Academic Performance Index Growth by Student Group – Three-Year Comparison

Group	Actual API Change 2008–09	Actual API Change 2009–10	Actual API Change 2010–11
All Students at the School	112	30	84
Black or African American	107	42	67
American Indian or Alaska Native

Hispanic or Latino	121	9	107
Native Hawaiian or Pacific Islander			
White			
Two or More Races	N/D		
Socioeconomically Disadvantaged	111	33	83
English Learners	130	9	103
Students with Disabilities			

Note: "N/D" means that no data were available to the CDE or LEA to report. "B" means the school did not have a valid API Base and there is no Growth or target information. "C" means the school had significant demographic changes and there is no Growth or target information.

Academic Performance Index Growth by Student Group – 2011 Growth API Comparison

This table displays, by student group, the number of students included in the API and the 2011 Growth API at the school, LEA, and state level.

Group	2011 Growth API					
	Number of Students	School	Number of Students	LEA	Number of Students	State
All Students at the School	369	866	436,479	728

Students with Disabilities	24	673	55,875	527		

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Adequate Yearly Progress Overall and by Criteria (School Year 2010–11)

AYP Criteria	School	District
Made AYP Overall	Yes	No
Met Participation Rate - English-Language Arts	Yes	Yes

Federal Intervention Program (School Year 2011–12)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE *PI Status Determinations* Web page: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

Indicator	School	District
Program Improvement Status	In PI	In PI
First Year of Program Improvement	2007-2008	2004-2005
Year in Program Improvement	Year 3	Year 3
Number of Schools Currently in Program Improvement		416
Percent of Schools Currently in Program Improvement		60.0%

XI. School Completion and Postsecondary Preparation

Admission Requirements for California's Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work.

For general admissions requirements, please visit the *UC Admissions Information* Web page at <http://www.universityofcalifornia.edu/admissions/>. (Outside source)

California State University

Eligibility for admission to the California State University (CSU) is determined by three factors:

- Specific high school courses
- Grades in specified courses and test scores
- Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the CSU Web page at <http://www.calstate.edu/admission/admission.shtml>. (Outside source)

XII. Instructional Planning and Scheduling

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Prior to the beginning of every academic year there will be six days of paid faculty training aimed at developing standards-based curriculum guidelines and lesson plans. There will also be four additional "Professional Development Days", throughout the year to be held as follow up sessions. These opportunities provide the staff to meet together for a full school day to work on creating thematic and integrated lesson plans. Teachers will also meet every Wednesday at the end of the school day to prepare for common planning, analyzing of student work and to evaluate status of targeted goals identified on prior full day professional development days.
